BIOLOGY

Paper 3 Practical Test

CONFIDENTIAL INSTRUCTIONS

1 hour 15 minutes

Great care should be taken to ensure that any confidential information given does not reach the candidates either directly or indirectly.

If you have any queries regarding these Confidential Instructions, please contact Cambridge stating the Centre number, the nature of the query and the syllabus number quoted above.

email  info@cie.org.uk
phone   +44 1223 553554
fax     +44 1223 553558

This document consists of 5 printed pages and 3 blank pages.
INSTRUCTIONS FOR PREPARING APPARATUS

These Confidential Instructions give details of the apparatus required by each candidate for each experiment in this paper. A summary of the questions that will be presented to the candidates is included, where appropriate, to allow the biology teacher to test the apparatus appropriately.

No access to the question paper is permitted in advance of the examination.

If a candidate breaks any of the apparatus, or loses any of the material supplied, the matter should be rectified and a note made in the Supervisor’s Report.

If arrangements are made for different sessions for different groups of candidates, care must be taken to ensure that the different groups of candidates are effectively isolated so that no information passes between them.

Supervisors are advised to remind candidates that all substances in the examination should be treated with caution. Pipette fillers and suitable eye protection should be used where necessary.

In accordance with the COSHH (Control of Substances Hazardous to Health) Regulations, operative in the UK, a hazard appraisal of the examination has been carried out.

The following codes are used where relevant.

C = corrosive
HH = health hazard
F = flammable
N = hazardous to the aquatic environment
MH = moderate hazard
T = acutely toxic
O = oxidising

Centres are reminded that they are not permitted to open the question paper envelopes before the examination. There are no exceptions to this. Centres should also refer to the Cambridge Handbook.

If there are any difficulties with any aspect of setting up this practical examination that the Centre is not able to resolve, it is essential for Centres to contact Cambridge as soon as possible by email to info@cie.org.uk, by fax to +44 1223 553558 or by phone to +44 1223 553554.
SUPERVISOR’S INSTRUCTIONS – CONFIDENTIAL

No access to the Question Paper is permitted in advance of the examination.

Question 1

Each candidate to be provided with:

(i) 30 cm$^3$ of each of the following in 4 small, labelled beakers
• 5% lactose solution
• 5% glucose solution
• 5% sucrose solution
• distilled water

(ii) rack or similar containing 4 large test-tubes

(iii) one small measuring cylinder / plastic syringe capable of accurately measuring 15 cm$^3$

(iv) large beaker labelled water bath to hold the 4 large test-tubes

(v) supply of hot water (45 – 50 °C)
Candidates have been instructed to raise their hands to indicate when they need hot water, which you should pour into their water bath.

(vi) access to cold water for regulating the temperature of the water bath

(vii) four small packets, made from paper or aluminium foil, each containing 1g of dried active yeast, and each labelled yeast

(viii) beaker containing approximately 200 cm$^3$ of distilled water and labelled water for rinsing

(ix) large beaker labelled waste water

(x) glass rod for stirring

(xi) timer or view of a clock showing seconds

(xii) 300 mm ruler

(xiii) paper towels

(xiv) chinagraph pencil (or similar waterproof marker) for labelling large test-tubes

(xv) thermometer

Question 3

Each candidate to be provided with:

(i) 300 mm ruler
This form should be completed and sent to Cambridge with the scripts.

SUPERVISOR’S REPORT
Cambridge Ordinary Level
October/November 2017

The Supervisor or teacher responsible for the subject should provide the following information.

1 Was any difficulty experienced in providing the necessary materials? If so, give brief details.

2 Give details of any difficulties experienced by particular candidates, giving names and candidate numbers. Reference should be made to:

(a) difficulties with specimens or materials;
(b) accidents to apparatus or materials;
(c) assistance provided in case of colour blindness;
(d) any other information that is likely to assist the Examiner, especially if this cannot be discovered from the scripts.

Other cases of individual hardship, e.g. illness or disability, should be reported direct to Cambridge on the normal Special Consideration Form.

3 During the examination, the Supervisor should, out of sight of the candidates, carry out Question 1(a) using the same apparatus and reagents as the candidates. These results should be written in the Supervisor’s Report which should be enclosed with the candidates’ scripts. If the scripts are in several packets, please ensure that a copy of the Supervisor’s Report is enclosed with each packet of scripts.
Enclose a seating plan of work benches with the scripts, giving details of the candidate numbers for the places occupied by the candidates for each session.

Temperature of examination room ....................°C
