**9609/12**

Paper 1 Short Answer and Essay

**May/June 2019**

MARK SCHEME

Maximum Mark: 40

---

**Published**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2019 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

---

This document consists of **12** printed pages.

**Generic Marking Principles**

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

**GENERIC MARKING PRINCIPLE 1:**

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

**GENERIC MARKING PRINCIPLE 2:**

Marks awarded are always **whole marks** (not half marks, or other fractions).

**GENERIC MARKING PRINCIPLE 3:**

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

**GENERIC MARKING PRINCIPLE 4:**

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

**GENERIC MARKING PRINCIPLE 5:**

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

**GENERIC MARKING PRINCIPLE 6:**

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

**9609 Paper 1 Specific Marking Principles**

Marks are awarded for each answer when the following Assessment Objectives (AO) are met. The mark scheme for each answer indicates when and how each AO can be met.

***AO1 – Demonstrate knowledge and understanding of business concepts.***

The focus in Section A of the Examination Paper is on this first AO.

- (a) Questions 1, 2, and 4 will meet this AO using definitions and explanations of business concepts.
- (b) Question 3 provides an opportunity for the application and a more developed explanation of a business concept. The 4–5 mark level specifically provides for this more developed explanation.

In Section B of the Examination Paper:

- (a) Questions 5, 6, and 7 still require supporting **Knowledge and Understanding (AO1)**, but there is now a focus on **Application (AO2)**, **Analysis (AO3)**, and **Evaluation (AO4)**. These skills are set out below:

***AO2 – Apply knowledge and understanding of business concepts to general and specific situations and contexts.***

- (a) Where a specific business or context is named in the question then the candidate is required to relate answers specifically to this business or context.
- (b) It is not sufficient to merely repeat the name of the business or the context.

***AO3 – Analyse business problems, issues, situations and contexts, through a discussion and interpretation of evidence, debate, theory, impact and consequence, to produce reasoned and coherent arguments.***

- (a) Level 3 answers will likely use terms such as – because, leads to, therefore, so that, as a result, consequently – thereby showing analytical development for AO3.

***AO4 – Limited Evaluation is given***

- (a) When an attempt is made, (probably in a concluding section of an answer), to address and comment on the value and validity of the previous analysis.
- (b) These comments may be quite brief and be more opinionated than reasoned.
- (c) A mere concluding summary of preceding analysis is, however, not evaluation.

***AO4 – Evaluation occurs***

- (a) When an answer comments on the validity / significance of previous analysis in an evidence based and reasoned way.
- (b) This often leads to the presentation of appropriate substantiated judgements, decisions, or recommendations.

Question	Answer	Marks
1(a)	<p><b>Define the term ‘supply’.</b></p> <p>The quantity of a product / service that businesses are prepared to supply / produce (1).  Raw materials sold to a business / coming out of a business / offer / deliver to the market (1).  Quantity available to purchase (1).  To supply at a given price / has a positive relationship with price (1).  To supply at a given time / place (1).</p> <p>Sound definition – 2 of the factors listed above. (2 marks)  Partial definition – 1 of the factors listed above. (1 mark)  No creditable content. (0 marks)</p>	<b>2</b>
1(b)	<p><b>Briefly explain <u>two</u> non-price factors which could increase the demand for a product or service.</b></p> <p><i>Answers could include:</i></p> <ul style="list-style-type: none"> <li>• Increase in consumer income.</li> <li>• There is limited supply.</li> <li>• Consumer confidence in the product / brand image.</li> <li>• Changes in population size and structure.</li> <li>• Changes in consumers’ fashion and tastes.</li> <li>• Degree and type of product marketing / advertising.</li> <li>• Availability of substitute products.</li> <li>• Seasonal variations.</li> <li>• Convenience / accessibility of the place.</li> </ul> <p>Sound explanation of <b>two</b> non-price factors which could increase the demand for a product or service. (3 marks)  Sound explanation of <b>one</b> non-price factor or partial explanation of <b>two</b> non-price factors which could increase the demand for a product or service. (2 marks)  Partial explanation of <b>one</b> non-price factor which could increase the demand for a product or service or a list of <b>two</b>. (1 mark)  No creditable content. (0 marks)</p>	<b>3</b>

Question	Answer	Marks
2(a)	<p><b>Define the term ‘business leadership’.</b></p> <p>Motivating / inspiring staff (1).          To achieve objectives / goals / aims (1).          Directing an organisation (1).          Having a vision for a business / organisation (1).          Having a strategy for a business (1).</p> <ul style="list-style-type: none"> <li>Definitions that simply refer to <b>management functions</b> such as control, coordination, resource allocation should not be awarded marks.</li> <li>If, however, such an answer includes the activity <b>motivation</b> then this should be regarded as a <b>partial</b> answer and be awarded <b>1 mark</b>.</li> <li>Listing types of leadership should not be awarded marks.</li> </ul> <p>Sound definition – 2 of the factors listed above. (2 marks)          Partial definition – 1 of the factors listed above. (1 mark)          No creditable content. (0 marks)</p>	<b>2</b>
2(b)	<p><b>Briefly explain <u>two</u> styles of business leadership.</b></p> <p><b>Autocratic / authoritarian:</b> all decisions taken at the top of the organisation, or by the leader.</p> <p><b>Democratic:</b> employees encouraged to participate in decisions.</p> <p><b>Laissez-faire:</b> ‘hands off’ approach, opposite of autocratic, most decisions left to employees.</p> <p><b>Paternalistic:</b> leader may listen and consult but will take decisions as ‘they know best’.</p> <ul style="list-style-type: none"> <li>A <b>sound</b> answer may be one that (a) defines a style of leadership as above and <b>then</b> (b) briefly explains some aspect of that style such as impact on employees, impact on quality of decisions, speed of decisions, resulting empowerment, increased delegation. Such an answer should be awarded <b>2 marks</b> (for each style).</li> <li>A <b>partial</b> answer is one that perhaps gives a single definitional sentence with no additional explanation. Such an answer should be awarded <b>1 mark</b> (for each style).</li> </ul> <p>Sound explanation of <b>two</b> styles of business leadership. (3 marks)          Sound explanation of <b>one</b> style of business leadership or partial explanation of <b>two</b>. (2 marks)          Partial explanation of <b>one</b> style of business leadership or a list of <b>two</b>. (1 mark)          No creditable content. (0 marks)</p>	<b>3</b>

Question	Answer	Marks
3	<p><b>Explain how the interests of <u>two</u> stakeholder groups could affect the decisions of a business.</b></p> <p><i>Answers could include:</i></p> <ul style="list-style-type: none"> <li>• Define stakeholders – people or groups who have an interest in / relationship with a business.</li> <li>• Different stakeholders in a typical business – employees – management – shareholders – customers – suppliers – local economy – local / national government – pressure groups.</li> <li>• Business decisions of interest to stakeholders include: profit distribution – expansion – diversification – supplier policy – degree of social responsibility – operating methods – remuneration and motivating policies.</li> <li>• Different stakeholders will have views on such business decisions that may lead to conflict among the stakeholders or between some stakeholders, e.g. shareholders vs. employees with regard to profit distribution – so decisions could be changed or overruled or supported with or without conflict.</li> </ul> <p>Effective explanation of <b>two</b> stakeholder groups and how their interests could affect the decisions of a business. (4–5 marks)</p> <p>Explanation of <b>two</b> stakeholder groups and how their interests could affect a business. (3 marks)</p> <p>Explanation of <b>one</b> stakeholder group and how their interests could affect a business. (2 marks)</p> <p>Descriptive information about stakeholders / business decisions. (1 mark)</p> <p>No creditable content. (0 marks)</p>	5

Question	Answer	Marks
4(a)	<p><b>Define the term ‘job production’.</b></p> <p>Production of a one-off / unique product or service (1)  specially designed by / for a customer (1).  One product made at a time (1).  Labour intensive production process (1).  Requiring a highly skilled work force (1).  A method of production (1).  A relevant example such as a piece of jewellery (1).</p> <p>Sound definition – 2 of the factors listed above. (2 marks)  Partial definition – 1 of the factors listed above. (1 mark)  No creditable content. (0 marks)</p>	<b>2</b>
4(b)	<p><b>Briefly explain why a business might choose flow production as a method of operation.</b></p> <p><i>Answers could include:</i></p> <ul style="list-style-type: none"> <li>Producing items in a continually moving process might be the best production for the business, e.g. in production of identical standardised cars on an assembly line.</li> <li>Can make use of high technology methods – robot arms.</li> <li>Can mass produce items to a consistent standard.</li> <li>Offers economies of scale and low costs for a one-size-fits-all product – possible price reductions and increased sales can result.</li> <li>Can produce different content products on the same production line (e.g. Coke, Sprite).</li> <li>The market demands high volume, capital is available, unskilled workforce available might suggest a choice of flow production.</li> </ul> <p>Sound explanation of the advantages of flow production which cause a business to choose this method of operation. (3 marks)  Partial / limited explanation of the advantages of flow production which cause a business to choose this method of operation. (2 marks)  Explanation / reference to flow production. (1 mark)  No creditable content. (0 marks)</p>	<b>3</b>

Question	Answer	Marks																		
5(a)	<p><b>Analyse the advantages of crowd funding as a source of finance for small businesses.</b></p> <table border="1"> <thead> <tr> <th>Level</th><th>Description</th><th>Marks</th></tr> </thead> <tbody> <tr> <td>4</td><td>Good analysis of the advantages of crowd funding as a source of finance for small businesses.</td><td>7–8</td></tr> <tr> <td>3</td><td>Some analysis of the advantages of crowd funding as a source of finance for small businesses.</td><td>5–6</td></tr> <tr> <td>2</td><td>Some application of the advantages of crowd funding as a source of finance for small businesses.</td><td>3–4</td></tr> <tr> <td>1</td><td>Limited understanding of crowd funding / source of finance / small businesses.</td><td>1–2</td></tr> <tr> <td>0</td><td>No creditable content.</td><td>0</td></tr> </tbody> </table> <p><i>Answers could include:</i></p> <ul style="list-style-type: none"> <li>• Small businesses typically have significant problems in raising funds.</li> <li>• The practice of funding a project / venture by raising monetary contributions from a large number of people, typically via the internet.</li> <li>• Access to cheap(er) money for small and medium sized businesses.</li> <li>• May not have to pay interest or be repaid. (However, in some instances crowd funding may have interest and repayment.)</li> <li>• No need to sell an equity stake in the business.</li> <li>• Fast and flexible source of finance.</li> <li>• Allows many more speculative projects to be funded.</li> <li>• Supports business expansion.</li> <li>• Acts as a marketing / brand tool.</li> <li>• May give feedback and advice to project fund seeker.</li> <li>• Entrepreneurs do not have to risk own money for a new venture.</li> </ul>	Level	Description	Marks	4	Good analysis of the advantages of crowd funding as a source of finance for small businesses.	7–8	3	Some analysis of the advantages of crowd funding as a source of finance for small businesses.	5–6	2	Some application of the advantages of crowd funding as a source of finance for small businesses.	3–4	1	Limited understanding of crowd funding / source of finance / small businesses.	1–2	0	No creditable content.	0	8
